

IS THE STOCK INDEX FUTURES CORRECTION OVER?

By Blake Robben (Mar 29)

Currently the market is in a coiling pattern building energy for the next wave up or down. Any close above 2629 is BULLISH!!

Also, assuming prices close above 2629 please contact me for my proprietary stop and reverse numbers.

Chart from QST

Questions or comments please give me a call or send an email. Good day and trade well!
